

We have completed a **Covid-19** risk assessment and have implemented several new measures to make operation as safe as possible – you will notice changes included:

You must USE hand sanitiser provided before entering the building

Less seating to comply with the 1m+ social distancing

A reduced food menu

Service at tables only – i.e. you must be seated at a table to be served, no standing & mingling will be allowed to ensure walkways between seating remain unobstructed

Please only leave your table for visits to the toilet – staff will be circulating to ensure you have everything you need

Children must be supervised and remain seated at their table

Please adhere to the current social distancing guidelines issued by the government – people sitting on a table together should be from the same household/social bubble if there is less than 1m between them

DO NOT enter the main bar unless you have a table booked – please use the doorbell/intercom

Card/contactless payments are preferable

Hand sanitiser is available at the entrances and by the toilets – please use it!

We would ask for your co-operation in following these new safety guidelines to ensure we can keep this environment as safe as possible for yourselves, your fellow customer & our staff

Thank you for understanding and we look forward to welcoming you

Please bear with us
